rate Territorial organization, and have elected Lieut Mowry to represent them at Washington land of Gold and Silver. When he left the gold nominations for new members of the State the secrets of the Grand Jury room, who can lay

thousand dollars worth of ore per day. The Com- sun of Brown. to Washington fine specimens of gold and silver No election was held the first day of the sea-

The Victoria Bridge, Montreal.

This great work has been pushed forward so energetically that the bridge will probably be of marked benefit to farming bands and results opened for traffic in October, 1859, instead of in great benefit to crops. Jan. 1, 1860, in accordance with the contract | The resolution was discussed, and we clip terms. The past season 3,281 men were em- from the Journal's report: ployed in its construction, including 450 men employed at the Canada Works, Birkenhead, in advantages consequent on a thorough system of draining the tubes. Five steamers, 63 barges, Townshead, who entertained the convention, were yawning for the victims, and shackles 21 scows, and 27 ferry and row beats, 142 with a cicar succinet explanation of the manner the Court directed that the constructing underdrains. He stated that the defendants should of constructing underdrains. The stated that the defendants should be constructing underdrained them.

Lawrence is two miles, less 150 feet. It is iron and tubular, and consists of 23 spans of 242 feet each, and one in the centre of 330 feet. The of the diela preparatory to laying the tile.— of the decision! And what will be say to span are terminated one each side by cause. Mr. T. exhibited specimens of tile, and descansulated one each side by cause. ways, terminated one each aide by cause-ways, terminating in abutiments of solid moson-ry, 240 feet long and 90 feet wide. The north-crn causeway is 1,400 feet long, and that on the south 700 feet. The bridge is being built for five dellars, and put in the drain for a shilling a red, making a total cost of twenty cents gamtic work of the completed, it will be the grant read of the continent.

Mr. T. exhibited specimens of file, and descanted on their several capabilities, preferring the pupe tile, for the greater facility in laying, and solidity attained afterwards. He stated that this paying from sixteen to twenty-five cents on his own word of honor—which is all that pupe tile, for the greater facility in laying, and the solidity attained afterwards. He stated that this paying from sixteen to twenty-five cents on his own word of honor—which is all that being discharged on one's own recognizance means—that he will return at the March term. Bail they would not give and did not give, although the Court offered to put it down to the greater facility in laying, and they can be affected by the thousand as cheap as brick, or for five dellars, and put in the drain for a shilling a real, making a total cost of twenty cents are nominal sum of five hundred dollars and at this price it would pay in two years to drain at the south of his pet nigger catching law!

Thus ended that chapter in the Wellington rescue case, and each "rescuer" has gone home on his own word of honor—which is all that being discharged on one's own recognizance means—that he will return at the March term. Bail they would not give, although the Court offered to put it down to the properties of the continuous control of the control of honor—which is all that being discharged on one's own recognizance means—that he will return at the March term. In the would not give and did not give, although the Court offered to put it down to the properties of the control of honor—which is all that being discharged on one's own word of honor—which is all that being d

The Tehnuntepec Route

Severe Fires

\* A fire occurred at Woodville, Miss., on the 1st, sweeping off a considerable part of the business portion of the town. Nine large stores were burned. Loss estimated at about \$100,-

A heavy fire occurred at Rochester, N. Y., Friday morning. It originated in the carpet store of Howe & Rogers, who were the main speech stigmatized the mechanics and laboring sufferers, their loss being \$28,000, upon which men of the Free States as the "mud-sills of there is an insurance of \$12,500. Several other society," is strictly legitimate; losses were sustained, toaking a total of some

New Democratic Organ in St Louis. A new daily paper to "support the administration of James Buchanan, and the regular organization of the Democratic party," is to be established immediately in St. Louis. Its prospectus is endorsed by the Democratic leaders in

the State. The News says of the new journal: It botes no good to Doughs. It espouses Le-compton, and its product, the English bill; and will insist on the "compromises," of the latter in regard to the requirement of population to admit Kansas as a State. In the absence of Territorial Legislation to protect Slaveholders in Territories, this new paper will insist on a Slave code to be adopted by Congress for the purpose. This new organ of the Missouri Democracy will not, nor will the South, ever submit to the ridiculous and radical, not to say piratical doctrine of Danglas' Freeport Speech, that the Southern Shresholders have a right to go into U. S. Ter-ritories with their Slaves, but that the "Squatters" have a right to rob these Southerners of

the sale-keeping and enjoyment of their property, by "unfriendly police regulations!" The dream of power is now to be broken. The

the statue of America by Hiram Powers, our consummated. Nothing remains but the work, and that will be commenced at an early day purchase it and place it in the Capitol at Columbus. He hoped another session of the Legislature would make an appropriation for this purpose. as the National Government had failed to order them will be most favorable.

Ohio State Agricultural Society

The Tenth Annual Meeting of the Ohio State bula by Abel Krum, Cuyahoga by A. A. Jewett, Erie by I. T. Reynolds, Genuga by David The population of the Territory is about twelve Robinson, Lake by J. P. Axtell, Lorain by W.

John K. Green, of Hamilton, effered the following resolution:

ceives as protection of any kind from it. The Resolved, That in the opinion of this Convencountry is entirely without law, except one court tion the time has arrived when the annual Fairs of inferior jurisdiction at Mesila. In the entire State, under the anspices of the Olio State Board of Agriculture, should be permaregion west of the Colorado for six hundred miles nently located, at some point in the State nently located, at some point in the State considerate higher than that of Justice considerate in habitants, and that the State considerate in the State of the Peace, who is elected by the people. The board be requested to make such location, provided some suitable place can be obtained.

people have memorialized Congress for a sepa-Licut Mowry gives a glowing account of the ferson, Mr. Krum of Ashtabula, Mr. Strickle of the Federal Attorney, Judge Belden, who did not dream but that these men like other criminates of the Ferritory, and asserts that Mather Prof. M. moved the indefinite tree. "Mather. Prof. M. moved the indefinite postmere the light soil lie deposits of the precious ponement of the resolution. Lost by a vote of ponement of the resolution. Lost by a vote of proof peed the rubble have that this proceention ered that the glittering ore is struck from the earth by the hoofs of the traveler's horse!" According to his representation it may be called a

much reachilding that of the Yuba river in Canfornia. Some of the pieces are worth from tifty
cents to two dollars, and nuggets worth twelve
dollars are not unusual.

When Lieut. Mowry left, the Sonora Silver
Mining Company was smelting about one thousand onness per week. Their new works were
nearly completed, which will work up several

"Mud-Sill" Hammond.

The following hit at Senator Hammo South Carolina, who in his celebrated slavery

The history of Hammond, it seems, is quite a common one. Forty or fifty years ago his father emigrated to South Carolina, from Weathershild, in the State of Connecticut, taking with him a schooner load of onions, a box of Noah of the tells set for him he was seized from behim a schooner load of onions, a box of North Webster's spelling books, and a box of ambition and talent. The edder Hammond wed his on-ions, taught school for those who bought his spelling books, bought "niggers" and stocked a plantation. The younger Hammond soon learned to show his zeal for the South, and married the sister of Wade Hampton, the largest slaveholder in the State. Thus placed in the line of safe precedents, he became a in the line of safe precedents, he be member of Congress and Senator. This is the man who sneers at the white laborers of the

white slaves" and "mud-sills." The Broad Gauge Railread.

persons informed upon the subject, that the arrangements are now complete, and that the Road is to be constructed without delay.— Such is THE PAGE, AS CEPTAIN as any future fact another such a damning record We met at Cincinnati, last week, Mesars.

Kennard and Train, the gentlemen who have Mission Democracy win soon de ranged in one solid phalmax, with the Democracy of other Southern States, in favor of Buchanan's Administration, and against Douglas.

States of America.—In a recent Lecture is Mr. Hosea, in Cincinnati, he suggested that as the National Government had failed to order as the National Government had failed to order and the disposition of the people as to its completion. After frequent and unreserved conversations with Messrs. Kennard and Train upon the subject, we are warranted in saying that their report to the capitalists who sent them will be most favorable. The negotiations mount the ladder when a pistol was presented in some that their report to the capitalists who sent them will be most favorable. The negotiations mount the ladder when a pistol was presented

bus. He hoped another session of the Legislature would make an appropriation for this purpose.
